

Arrupe Jesuit High School
Mathematics Teacher
School Year 2018-2019
Full-time Position

Position Description

Arrupe Jesuit High School is seeking a mathematics teacher to foster student learning through the implementation of a college preparatory, integrated math curriculum informed by the Core-Plus Mathematics Program and ALEKS Math.

Qualifications

The qualified applicant will have the appropriate Bachelor's or Master's Degree, will have experience at the secondary level, will be state certified or eligible for certification, and will be comfortable working with a heterogeneous, culturally diverse student population. Experience with the values and methods of Catholic Jesuit education is preferred.

School Context

Arrupe Jesuit High School is a co-educational, college preparatory, Catholic Jesuit school serving economically disadvantaged, racially and culturally diverse youth in Denver. Arrupe Jesuit follows the rich tradition of Ignatian education and its fulfillment of the Graduate at Graduation. In addition, Arrupe Jesuit utilizes the Corporate Work Study model of the Cristo Rey Network whereby its students earn a majority of their tuition by working in a corporate setting five days each month during the school year.

Teacher candidates will be able to...

Assessment

- Use formative and summative student data to inform planning and instructional delivery
- Design assessment, both formal and informal, that best measures student learning
