

ARRUPE
JESUIT
HIGH SCHOOL

2016-2017
Annual Report

THE SCHOOL THAT WORKS IN DENVER!

LETTER FROM THE PRESIDENT

Dear Friend,

Arrupe Jesuit is founded on the belief that every child who comes to us is created in the image and likeness of God, and as such is deserving of the very best we can offer them. Our families, too, have that great desire for their children and willingly undertake the sacrifices it often takes to send their children to us. Our faculty and staff are committed to giving them the best opportunities to grow in knowledge, to grow in their faith and to grow as healthy human beings both in school and the workplace.

To that end, one of the biggest highlights of the 2016-2017 academic year was the establishment of our Academic Support program to help us make good on this commitment. Led by Assistant Principal for Academic Support, Fr. John Nugent, SJ, this program focuses on Freshmen & Sophomores who are facing challenges in the classroom by providing early intervention and resources critical for their success. We know that if a student can persist to their Junior year, the likelihood is strong that they will graduate on-time and with college-acceptance letters in hand. From "How to Set Up Your Planner" workshops to Learning Ally software to Study Halls and Saturday School, this program is aimed at empowering each student to find academic success.

Academic Support is just one of the many offerings made possible thanks to your generosity. Each year, I remain in awe at the generosity of our community showing our students their own worth and that they, too, deserve all the success and good fortune this world has to offer. With deep gratitude, I thank you for extending your belief in our young men and women and hope that you remain as proud of and as inspired by our young people as I am.

Blessings,

A handwritten signature in black ink that reads "Fr. Timothy M. McMahon, SJ". The signature is written in a cursive style.

Rev. Timothy M. McMahon, SJ

2016-2017 BOARD OF TRUSTEES

Darren Walsh (Chair)

At St. Anthony North Health Campus, Jocelyn Salas, '17, was hard at work admitting patients in the Birth Center where she was placed for two years through the Corporate Work Study Program. Here, she became a vital member of the team with her work in admitting and discharging patients, preparing birthing rooms, translating provider instructions, and preparing lab samples for delivery throughout the facility.

We are so thankful to the entire team at St. Anthony North Health Campus for their mentorship, guidance, and involvement in our student workers development. As with Jocelyn, you play a vital role in the lives of our students and in their formation while at Arrupe Jesuit.

St. Anthony North Health Campus

"St. Anthony North's partnership with Arrupe Jesuit Work Study Program for the past 11 years has been mutually beneficial and for us. We love that we are able to support our students and help them blossom at our health campus as they help us serve our community."

- Sister Patricia Hayden, Vice President

ALUMNI *Spotlight*

Class of 2012 graduate, Anthony (Tony) Tran, recently returned from a summer program in Vietnam where he was able to immerse himself in the work of continuing education of mind, body, and spirit.

*"The program is designed to expose Vietnamese to the English language from native speakers, and help them grow in their English confidence. I chose to partake in this program because I was challenged during a recent talk where the speaker charged us with finding something we could do to **help the world!**"*

*In June, I taught English to Jesuits who had just come out of the Novitiate, working on creative writing skills and poetry. I taught with three other teachers, two of whom were actually American Jesuits. We lived on the compound and lived their lifestyle. I took this as an opportunity to learn more about Jesuit lifestyle and kept an open heart to see if this might be a life I want to follow. Since the program ended, I find myself open to the Jesuit calling. I will continue to learn and reflect on this experience to improve myself and **discover God's will.***

*In July, we met up with five more instructors and took on a class of 70 students in the Cathedral in Binh Duong to teach Reading Comprehension. This was a **joyous time** for me and brought about a growth in confidence and interest in a possible career in teaching.*

*My time there was incredible. I was able to learn so much about my culture and was able to begin to figure out the Vietnamese part of my Vietnamese-American identity. I learned about the hospitality and the joy that the Vietnamese people have with life. I learned about the corruption and effects of communism that drove my parents to run away from the country during the war. I hope to continue work like this, to find out more about myself, and to **help people** around the world. Growing my knowledge and learning how to be present with people is a great experience!"*

*...uit High School and the Corporate Work
...tually beneficial for the students we sponsor
...their Catholic education while helping them
...ve our patients with compassion."*

...sident of Mission Integration, St. Anthony North Health Campus

"It is a privilege and an honor to support a high school where the students are dedicated, focused, mature, and goal oriented. It is especially meaningful to us to see what these kids are capable of achieving given that they come from economically disadvantaged homes. The program also appeals to us as it allows the students to work in meaningful jobs giving them the opportunity to see that they can achieve far beyond their previous expectations."

FACULTY *Spotlight*

Estefany Hernandez (or as the students say, "Ms. The bell doesn't dismiss you, I dismiss you.")

How long have you been teaching at Arrupe Jesuit?

A bit over a year.

What brought you to Arrupe Jesuit?

I graduated from Arrupe Jesuit in 2011 and received my Bachelor's at Regis University in 2015. I double majored in Spanish and Sociology with a minor in Criminology. After, I was part of the Alum Service Corp at Regis Jesuit High School. I really enjoyed teaching Spanish and teaching others about my language, culture, and traditions. When my ASC year was about to end I had to make a tough decision: to accept a job at Arrupe or accept a position in a volunteer program in Spain. I decided to return to Arrupe.

I remember growing up wanting to know more about my history and culture. At Arrupe, I am able to offer that opportunity to my students. I want my students to understand better their culture and learn more about it. In class, we start off the year learning about their own culture then comparing it to the Spanish culture, in order for them to see and value who they are.

What makes Arrupe Jesuit special?

Arrupe Jesuit is special because of the community that is formed throughout the four years of high school. I am still best friends with my Arrupe friends because of all the moments we shared during retreats and in the classroom.

As a faculty member, it is evident how much teachers care about their students' success and are willing to dedicate time to meet students where they are. I remember, as a student, when I had trouble in my Social Studies class, the teacher stayed after school with students to help us. It was a challenging class that I was grateful for because it helped me feel comfortable asking for help.

What is one of your most memorable experiences here?

Last year, students were acting out a scene of Don Quixote; I enjoyed experiencing the energy they had while performing!

What is your hope for our students/alumni?

I hope students don't forget the Jesuit values and go on to live a life of social justice. I hope they each find something they are passionate about.

Each week, CWSP supervisors share feedback on their student workers' timecards. There were many words of encouragement and thanks shared throughout the 2016-2017 school year; here are a few of our favorites:

"He has been given a special project today and has completed it with accuracy and a strong sense of urgency. He is truly one of a kind and I'm extremely happy with all that he does to help our organization succeed. With his attitude and commitment there is no limit for his success."

- John, Comcast Spotlight

"Karina performs consistently outstanding work at our division. We are privileged to have her helping us."

- Karina, Colorado Department of Natural Resources

"Jonah is a pleasure to work with. He is so caring to both staff and patients and is always the first to offer assistance. Well done!"

- Jonah, Panorama Orthopedics & Spine Center

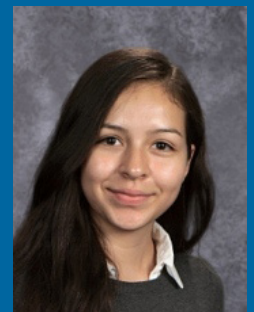

"Carlos kept his cool very well while helping an especially difficult customer today. Tests like these don't come often and he did great!"

- Carlos, FirstBank

"Dafne stepped out of her comfort zone today and led a meeting with our communications group. She was also asked to provide them with future feedback on their video production. Great job!"

-Dafne, Bureau of Land Management

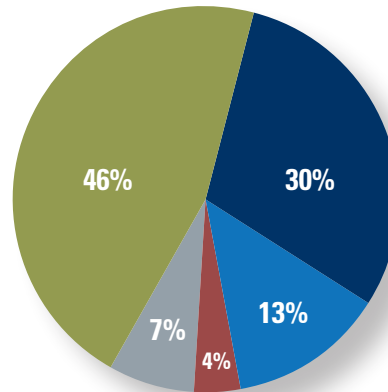

"Jose is a very impressive young man. At the beginning of his internship, it was evident that he possessed a high level of integrity, confidence, and a desire to learn. He is task-oriented, dependable, focus driven, and a pleasure to work with. Also, Jose is always willing to help other departments during their crunch time, and does so with enthusiasm and professionalism. He is a wonderful asset to our company."

- Jose, United Airlines

Average Family Tuition Contribution	\$1,200
Average Gap Closed by Philanthropy	\$6,213
Total Cost to Educate a Student	\$14,100

FISCAL YEAR 2018 - LOOKING AHEAD

At our Mass of the Holy Spirit, a Jesuit tradition kicking off each new academic school year, Auxiliary Bishop of Denver Jorge Rodriguez said to our students “My dear, study hard. There is a lot of work to do. We need you. Jesus counts on you. **Set forth and change the world!**”

We hope you’ll stay with us in the coming year to guide our 420 students in changing the world, in becoming **men and women for others**. Through your generous giving, your hiring of students, your volunteerism, and all of your many investments in Arrupe Jesuit, our students are offered the opportunity to **build a bright future**. Thank you.
