FEATURING KEYNOTE SPEAKER

Liz Forkin Bohannon

Liz Bohannon is the founder of Sseko Designs, a socially conscious fashion brand, and the author of *Beginner's Pluck*. By providing employment and educational opportunities, Sseko enables women to continue their education and become leaders in their country. Sseko has grown from three women making sandals together under a mango tree to an international fashion brand that provides employment, educational opportunities and entrepreneurial training to hundreds of women in Uganda and across the globe. Liz was named a top speaker by Forbes and a Transformational Leader by John Maxwell.

Using her unlikely story of a journalist-gone-shoe-maker, Liz shares her passion for social enterprise, conscious consumerism, social justice, creative leadership, gender equity, risk-taking, and empowering women. She believes deeply that business is a powerful platform for social change.

ABOUT ARRUPPE JESUIT

Arrupe Jesuit High School is a Jesuit Catholic, co-educational, college preparatory school that exclusively serves economically disadvantaged students from across the Denver metropolitan area.

To prepare our students for success in college and beyond, Arrupe Jesuit maintains rigorous academic coursework, implements a unique Corporate Work Study Program, and delivers a faith formation program oriented toward a personal encounter with Jesus Christ. Arrupe Jesuit provides a nurturing environment and individual attention to the formation of the whole person. Of 875 alumni, over 50% of AJHS graduates were the first in their families to graduate high school, 100% of graduates have been accepted into college, and 90% were the first in their family to attend college.

The proceeds from Magis Night bridge the gap between what each family contributes (through the student's Work Study earnings and family tuition payments) and the total cost of their education, keeping tuition at an affordable level for our families. With 75% of our students qualifying for federal free and reduced lunch this year, your partnership is crucial as, together, we work to break the cycle of poverty through work and education.
